### FOR IMMEDIATE RELEASE ###

## **Just Works Opens New Computer Store in Nashua**

**Just Works, a new computer store, announces the opening of its first store in Nashua, NH**

**Nashua, NH April 15, 2008** - *Just Works* opened its doors with little fanfare on Sunday, April 6<sup>th</sup>, 2008. The store is located at 419 Amherst St. across from Building 19 and right next door to Boomer McCloud car audio. *Just Works* makes, sells, and services complete home and small office desktop computers tailored to the non-technical user.

*Just Works* computers come with a full array of software pre-installed and pre-configured. They are ready to go for any of the following uses:

- Web Browsing
- Email
- Writing Letters and Other Documents
- Working with Spreadsheets and Databases
- Presentations
- Watching DVDs
- Listening to Music
- Chatting with Friends Online
- Much, much more!

Drawing from several years of experience, *Just Works* owner, Brian Chabot has created what might be the easiest to use home computer on the market today. Made of standard components and running the [Mandriva](#) Powerpack Linux operating system, *Just Works* computers are made with the average computer user in mind. "You don't need a college degree to use one of these," says Mr. Chabot, "but if you know what you're doing, they come with all the tools and software the advanced user could need." The systems utilize state of the art

# Just Works

Open Source Software as well as proprietary drivers and software to bring out the best in the hardware and make it extremely easy to use, maintain, and service. "Where most companies only toy with selling Linux based systems, *Just Works* stands on the leading edge of this technology and specializes in this powerful and now very easy to use operating system," says Brian Chabot, "The only way to really appreciate the ease of use is to actually use it." The *Just Works* store has several demonstration systems for customers to try out.

Along with complete computer systems, *Just Works* also offers accessories and upgrades that are guaranteed to be compatible with their main line of computers.

*Just Works* also provides in-store service and repair for most home computer systems at very competitive prices.

Future plans include small classes to get people started and the hosting of LAN parties.

## About Just Works

*Just Works* is a Sole Proprietorship owned and operated by Brian Chabot. It was started in September 2007 and opened its doors for business on April 6, 2008. *Just Works* specializes in complete, ready to use computer systems made for the non-technical user, but capable and complete enough for power users. *Just Works* operates a store at 419 Amherst St. in Nashua, NH 03063 and can be reached at 603-484-1461 or on the web at <http://www.JustWorksNH.com>
